MEMORANDUM FOR THE RECORD

SUBJECT : [] Redesign

25X1A

25X1A

1. [] called this afternoon to say that the [] equipment would be redesigned and would be ready for inspection by [] on Wednesday, 9 June.

2. I asked where the gain margin had disappeared to in the previous design and [] indicated that there had been too much loss in the isolation required in the duplex design.

3. I mentioned our concern about not exceeding the power requirements; [] said they were two to one under in power, and this change should add only about one watt.
